## The Gift to One that all enjoy

The supreme gift—the one which will bring most joy to your home—is the gift that all can enjoy—a Brunswick phonograph.

The Brunswick, alone, of all phonographs, opens to you all the world's greatest music because it plays all records, no matter what the style or make, and interprets each with equal perfection.

# Brunswick

PHONOGRAPHS AND RECORDS

The unique Brunswick method of reproduction is made possible by the Ultone—a scientific creation—which enables you to play any record, and by the Brunswick Oval Tone Amplifier whose all-wood throat creates that gorgeously resonant sweetness of tone which is The Brunswick's greatest feature.

### Do your Xmas buying early!

Gifts of type will not convince you half so quickly as a hearing, so come in and let us prove to you the superiority of Brunswick. Come early to escape the crush of Christmas shopping. Select from our full, complete stock. Take plenty of time for a thorough demonstration.

### Have you heard Brunswick Records?

We carry the only line of Brunswicks in this city. We have all styles and finishes and offer you terms that you cannot obtain elsewhere. No interest charged if you buy on payments.

Our personal service and maintenance that goes with each sale cannot be duplicated elsewhere. Call now and let us show you the Brunswick line.
